

PhotoFacial
\$100 OFF 1st treatment

Before

After

The PhotoFacial™ is a series of gentle intense pulsed light treatments intended to improve the appearance of sun-damaged and aged skin, as well as reduce redness, flushing, rosacea, and wrinkles.

Typically, your lines and wrinkles will improve by as much as 50% and even more when combined with other therapies. Brown spots may disappear completely. Red spots and rosacea usually are reduced by 70%. Your skin will take on an unmistakable clarity and translucence. It will also be smoother, brighter, and more even-toned. PhotoFacial is considered a no-downtime procedure.

Other valuable results of the PhotoFacial™ include:

- Smaller pore size
- Lessening of the dark circles under the eyes
- Improvement of scars and a ruddy skin texture
- Improvement of broken blood vessels (may require an extra laser treatment)

The PhotoFacial™ may be used on any area of the body. Have you considered how nice your back and shoulders might look if they did not have all the spots?

Offer expires Nov. 29, 2008. Restrictions apply.

Cool Touch III
\$100 OFF 1st treatment

The Cool Touch III™ laser is an exciting **NEW** laser treatment that helps reduce or improve:

- **Wrinkles**
- **Acne scars**
- **Stretch marks**

- **Overall skin texture and quality**
- **Reduces pore size**

New evidence shows that it can also reduce the size of sebaceous glands (oil glands and pores) over a long-term period of time and thereby help control active acne breakouts. Cool Touch will give you a younger, smoother, tighter, more blemish-free skin.

This improved technology provides non-invasive augmentation of fibroblast cells in the dermis which, in turn increase collagen and elastin fibers. These are the fibers that give elasticity, strength, and a healthy appearance to our skin.

Cool Touch should be done 4 times each in one area as a minimum. More treatments are often better, especially with acne scars and stretch marks. We can treat all areas of the body. And, remember, **there is No downtime with this procedure!**

Offer Expires Nov. 29, 2008. Restrictions apply.
